Elroy Costume Policy and Procedures

Effective March 1, 2014, all 14 state districts will have an Elroy costume for their use. These are not to be loaned to another district without permission from the State Chairman. The Drug Awareness District Chairman will handle the logistics of each assigned Elroy. Lodges must contact the District Chairman to request the use of the costume. Each District Chairman is required to keep a master list of the costume’s use and forward a report to the State Chairman at the end of the 2nd and 4th quarter reporting periods.

At no time should the costumes be shipped by mail, FedEx or UPS. It is up to the requesting Lodge and District Chairman to make the hand-off. When the Lodge is done with the event, the costume is to be returned to the District Chairman. No one will be reimbursed the cost of shipping without approval of the State Chairman and only in an exceptional circumstance. Please contact the State Chairman, Len Wenzel at 941-815-4903 to report any costume damage or cleaning needs.

Thanks,
Len Wenzel
State Chairman
